Changes to and Confirmation of Competition Rules

We have decided to make some changes to the rules governing Society competitions with effect from 1st October 2009

It will no longer be a requirement for you to e-mail confirmation of your competition round to Kev Benwell & Kev Male. You must however pre-nominate your competition round by informing your playing partners before starting the nominated round.

Your scorecard must state that the round is your competition round. If there are more than 1 players scores on a single scorecard it must state after each name whether or not the round is a competition round. All players whose competition round scores are entered on a card must sign the card.

The scorecard must be in the scorecard box at X-Fab by noon on the Friday following the end of the competition. It is the player's responsibility to ensure the card is there by this time. It may be given to an X-Fab employee, scanned and e-mailed to the e-mail address above or posted to the address above (remember that the post is not 100% reliable). An acknowledgement e-mail will be sent to confirm receipt of cards e-mailed or posted.

The scorecards will be removed from the box at noon on the Friday (e-mail will also be checked for "last minute" entries). Only cards received by this time and properly completed will be included in the competition.

Results will be published as soon as possible – an e-mail will be sent out to advise when they are available to view.
